REAL

Ehret Stable Dispenses with Their Two Best Jockeys.

CIVIL SERVICE TURNED OUT.

Mike Dwyer Scratches His Horses | dent of the Board, and accused in the sign certain school bonds. at Monmouth Park.

the services of Jockey Sam Doggett. The pe-culiar antics of the management of this particular stable is rapidly making it the laughing stock of the turf. The pettish spirit exhibited in discharging Isaac Murphy, simply because the horses of the stable couldn't win races, is not creditable by any means. Mr. McLewee or Mr. Ehret, or whoever is managing the stable, should look further for the causes of their horses not winning. It is probably the trainer who is at fault and not the jockeys. In Isaac Murphy and Sam Doggett the stable had two g jockeys whose places will be hard to fill. Murphy is a finished horseman and white not a strong finisher has few superiors in the fortunate, but it must be remembered that this coit was always beaten by the narrowest of margins and always in the best of company. Doggett is a strong rider and a fairly good all-around jockey. He is honest and a hard worker. The only jockey now left in the stable is little Graham who is of no account. It is said that the stable will secure second call on "Cassius" Sloane, the Western jockey, who is engaged to Mr. Gebhard. Sloane will ride Don Alonzo in the Junior Champion Stakes next Tuesday. Murphy has been engaged to ride Comanche the Empire Stable's candidate.

Civil Service continues lame and has been turned out for the season. It is hardly probable that this one-time great sprinter will ever face the starter again.

Longstreet has not broken down as ha been variously reported. He is sore and a trifle lame and is being given a run out at grass at Mr. Stout's farm near Red Bank.

Messrs. Boyle & Littlefied have purchased from paly & Gideon the three-year-old brother to Potomac, Schuylkill.

Ha'penny cantered in leisurely after the horses had finished in the lourth race yester-day. His saddle slipped, and Rogers, his jockey, pulled up at the end of haif a mile.

The rail birds get fooled sometimes. Not one of them would beton either his Highness, in the first race, or Zorling, in the fifth race. Both worked bafore the races and pulled up very sore. They won their respective races with great case just the same.

Trainer Louis Stuart is inclined to believe that Patron will never recover sufficiently to race again. His break-down was worse than race again. His break at first appeared.

Jack Joyner's engagement with August Belmont next year will prevent him from racing horses of his own. He has decided to sell his great sprinter Chesapeake with a lot of two-year-olds at auction on Monday at Brighton Beach. Cast-offs from the stables of M. F. Dwyer and Orlando Jones will also be sold.

Shelby Tuttle and St. Michael were crazy torses at the post in the second race yester-lay and delayed the start for half an hour. is miltor, when he dismounted from Shelby ruttle, looked the colt over and muttered: De debbil's in dat hoss for shuah."

Mr. M. F. Dwyer had Nomad entered in two races yesterday. He scratched the colt in the fourth race and slated to start in the Pailsade stakes, its which Nomad was receiving seven pounds from Loconatchee, Adelbert and Pickpocket. He believed Nomad would win, but an error in the conditions discovered late in the day took seven pounds from the other starters. Mr. Dwyer then asked permission to start in the fourth race, but wan refused. He became angry and scratched every one of his horses from the card. It was said that he would not start any more horses at Monmouth Park, but in all probability as soon as his temper cooks he will see that the Association was in no way to blame for the misinterpretation of the conditions of the stakes.

The long price against Uncle Jess yester-day was due to the fact that the colt is a roarer and the damp weather was not just suited for him to be at his best. He ran a cracking good race, however, and won with a trifle to spare.

Sweet Alice proved yesterday that she does not like a distance over five furlongs. At usif a mile or five furlongs, however, she can travel with the speed of an express train.

Mr. W. Jennings is a firm believer in omens, and when he broke his glasses just before the fourth race he took it as a sign that his mare Mary Stone would be defeated. The omen, however, did not work, for Mary Stone won

A despatch from San Francisco says that Senator Stanford's valuable stallion sport, eight years old, by Pledmont, dam Soutage Mohawk, with a record of 2.22%, died of pneumonia and inflammation of the bowels. This disease seems to be an epidemic at Falo Allo, and nearly all of the thoroughbreds have been turned out on account of it.

The Hobart Stock Farm and San Jose Stable have also suffered severely, and the great stallion Stamboul has been taken to Stockton as a preventative.

GEN. HUSTED CENSURED.

It Causes the Lie to Be Passed in School Meeting.

PRESSULL, N. Y., Aug. 3.—At the annual meeting of School District No. 7, at the Drum Hill School last night, a sensation was caused by Clerk Homer Anderson, of the Board o Education, who, in his annual report, severely censured Gen. James W. Husted, the Prestdent of the Board, and accused him of refus

A fight nearly ensued between Anderson and Col. Thomas D. Husted, the s. atesman's son, who made a speech vindicating his

Clerk Homer replied to this very heatedly and the ile was bandled back and forth re-repeatedly.

The rest of the meeting was scarcely less animated. Gen. Husted was re-elected trustee for three years. Then came a brisk skirmish for another trustee which resulted in Mable's declaring that he would hold over for another three years, although Knapp received 132 out of 203 votes. Knapp says he will fight for his place.

944 ELECTION DISTRICTS NOW.

crease of Fifty-seven Under the New Apportionment.

At an executive session of the Police Comnissioners to-day, Commissioners Martin, heehan and McClave present, Gen. Rodenburgh, Chief of the Bureau of Elections, subinitted a list of the election districts in each of the thirty Assembly Districts under the new apportionment. There are now 944 election districts, as against 887 last year. The Hoard took no action, but will hold a special meeting on Monday next.

turn by Boosting Cordage.

The Feature of the Day the Rise in Industrials.

Bears Seek Valuly to Counteract the Increase in Prices.

WALL STREET, Wednesday, Aug. 3 .- S. V. White signalized his return to the street this morning by bidding up National Cordage common to 12214, the highest ever reached. The Deacon is still a big bull on the market. At the opening of business prices fell off a fraction in sympathy with lower quotations from London, but the bears were unable to make much impression.

This was surprising as reports were circulated that passenger rates out West were still and it is intended to be a page that can further demoralized. The Rock Island shown not fail to instruct, amuse and entertain ing for July was also disappointing, the net them. earnings being less than in 1801, although gross showed an increase. This was due to ncreased cost of operating the line.

Atter a while buying orders came in for the specialties, and the general list advanced 14 to 34 per cent. in sympathy. Laclede Gas jumped 234, preferred 4, American Cotton Oil 234, preferred 3, New York, Susquebanna & Western preferred 1%, and

National Cordage 1 per cent. Distring & Cattle Feeding declined to moth new distillery will be erected at Carthage by old competitors of the Company. The feature of the afternoon was the further rise in the Industrials and the spurt

In Manhattan and St. Paul & Omaha. The Vanderblit brokers were the largest buyers of Omaha common, which rose to 523%. Manhattan sold up to 13314, National Lead to 4134. preferred to 90%, Cordage common to 124%, La Clede Gas to 23, preferred to 65U, General Electric to 110%, American Cotton Oil to 47%

The gross earnings of the Northern Pacific Increased \$119.846 for the month of July.

The Treasury Department to-day purchased 280,000 ounces of silver at 85.70 a 85.73. The offerings were 693,000 ounces.

There were rumors in the Board this morning that the Trenton decision will be against the Reading combine.

Private cables from London state that rumors are current there that the directors of the St. Paul, at their annual meeting next month, will declare a division of 2% per cent. on the common.

on the common.

The St. Paul earnings for the fourth week of July were \$822,003, an increase of \$44,206, and for the month \$2,716,008, an increase of paper. Special correspondents, including

the gross earnings of the Rock Island road for July were \$1,475,187. an increase of \$608,240 and from Jan. I to date \$0,550,765, an increase of \$1,002,318. Net earnings for July show a decrease.

The movement of currency from New York to the West for the purpose of transporting the crops began to-day. At the Sub-Treasury it is stated that the amount to be forwarded will be smaller then usual for the reason that the West is well supplied with banking facilities and holds a large supply of currency.
The total sales of stocks at the Stock Exchange to-day were 200,200 and 10,000 barrels of Pennsylvania oil.
